In his groundbreaking book, *Dispelling Wetiko: Breaking the Curse of Evil*, Dr. Paul Levy unveils a profound and unsettling truth: Wetiko, an ancient destructive force, is alive and well in our world today.

Wetiko is a psychic virus that infects the mind and corrupts the soul. It manifests as greed, selfishness, violence, and cruelty. It is the driving force behind war, poverty, environmental destruction, and all forms of social injustice.

Levy argues that Wetiko is not a metaphor or a psychological construct. It is a real and tangible entity that has infected humanity for centuries. And until we understand its true nature and find a way to break its curse, we will continue to be plagued by evil in all its forms.

What is Wetiko?

Wetiko is a Cree word that means "evil" or "cannibal." In traditional Cree belief, Wetiko is a malevolent spirit that possesses people, driving them to commit acts of violence and cruelty.

Levy's research reveals that Wetiko is not limited to the Cree people. It is a universal phenomenon that has infected all human cultures throughout history. He identifies six key symptoms of Wetiko:

1. **Greed:** An insatiable desire for more, regardless of the cost to others.

2. **Selfishness:** A lack of concern for the well-being of others.
3. **Violence:** The use of force or intimidation to get what one wants.
4. **Cruelty:** The infliction of pain or suffering on others for pleasure or profit.
5. **Domination:** The desire to control and dominate others.
6. **Spiritual emptiness:** A sense of meaninglessness and disconnection from the divine.

Wetiko can manifest in individuals, groups, and entire societies. It can lead to war, poverty, environmental destruction, and all forms of social injustice.

How to Break the Curse of Wetiko

Levy believes that Wetiko is a curse that can be broken. But it will require a fundamental shift in our consciousness. We must learn to let go of greed, selfishness, and violence. We must embrace compassion, empathy, and cooperation.

In *Dispelling Wetiko*, Levy offers a practical guide to breaking the curse of Wetiko in our own lives and in the world. He draws on ancient shamanic wisdom, modern psychology, and his own personal experience to provide a path to healing and liberation.

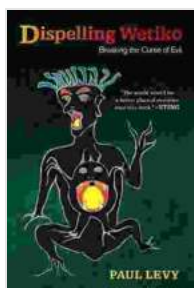

Levy's work is essential reading for anyone who wants to understand the dark side of human nature and find a way to create a more just and compassionate world.

Wetiko is a powerful and destructive force, but it is not invincible. We have the power to break its curse and create a world where compassion,

empathy, and cooperation prevail.

Dispelling Wetiko is a call to action. It is a book that will change your understanding of the world and inspire you to make a difference.
