Mercy is a complex and well-developed character. She is tough and capable, but she also has a vulnerable side. She is fiercely protective of her friends and family, but she is also willing to fight for what she believes in. Mercy is a character that readers can easily root for, and her journey is one that is sure to keep you engaged.

A Thrilling Urban Fantasy Adventure

"Moon Called" is an urban fantasy novel, a genre that blends elements of fantasy with the modern world. In this case, the supernatural world exists alongside the human world, but it is hidden from the general public. This creates a unique and exciting setting for the story, as Mercy must navigate both worlds and keep her secret safe.

The novel is full of thrilling action sequences, as Mercy faces off against werewolves, vampires, and other supernatural creatures. Briggs does a great job of creating a sense of suspense and danger, and the fight scenes are both exciting and well-written.

A Touch of Romance

In addition to the action and adventure, "Moon Called" also features a touch of romance. Mercy is attracted to Adam Hauptman, a werewolf who is also the alpha of his pack. Adam is a strong and protective man, but he is also kind and compassionate. He is a good match for Mercy, and their relationship adds a nice touch of romance to the story.

"Moon Called" is a great start to Patricia Briggs' Mercy Thompson series. It is a well-written and exciting urban fantasy novel with a strong female protagonist and a thrilling storyline. If you are a fan of urban fantasy, or if you are looking for a new series to read, then I highly recommend "Moon Called." You won't be disappointed.
