

# Inside the Crocodile: An Unforgettable Journey into the Heart of Papua New Guinea

In his new book, *Inside the Crocodile*, renowned scientist Paul Rosolie takes readers on an unforgettable journey into the heart of Papua New Guinea, one of the most biodiverse and least explored regions on Earth.

Rosolie, who has spent years studying crocodiles in the wild, provides a unique perspective on these magnificent creatures and the challenges they face in a rapidly changing world. He also offers a glimpse into the lives of the people of Papua New Guinea, who have a deep connection to the natural world.

The book is divided into three parts. The first part, "The Crocodile," introduces readers to these ancient predators and explores their biology, behavior, and role in the ecosystem. The second part, "The People," tells

the stories of the people of Papua New Guinea and their relationship with crocodiles. The third part, "The Future," looks at the challenges facing crocodiles and the people of Papua New Guinea, and offers hope for a sustainable future.

*Inside the Crocodile* is a beautifully written and deeply informative book that will appeal to a wide range of readers, from scientists and conservationists to armchair travelers and anyone interested in the natural world.

### **Praise for *Inside the Crocodile***

"A fascinating and in depth look into the wilds of Papua New Guinea through the eyes of a renowned scientist." - *The New York Times*

"A must-read for anyone interested in crocodiles, conservation, or the natural world." - *National Geographic*

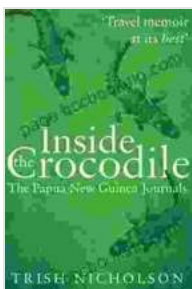

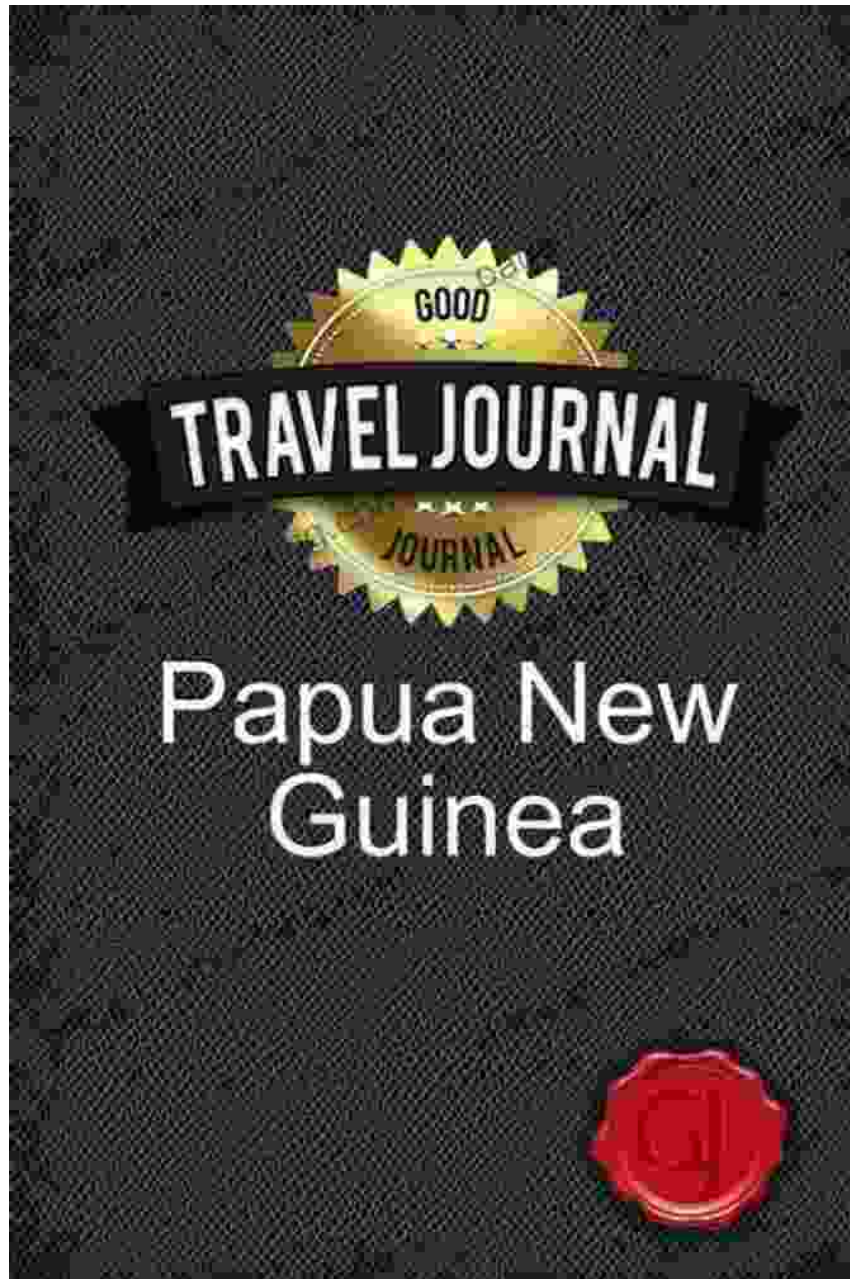

"An unforgettable journey into the heart of one of the most biodiverse and least explored regions on Earth." - *The Guardian*
