After teaching economics at the University of California, Berkeley, and the London School of Economics, Yellen joined the Federal Reserve Board of Governors in 1994. She served as president of the Federal Reserve Bank of San Francisco from 2004 to 2010, and as vice chair of the Federal Reserve from 2010 to 2014.

In 2014, President Barack Obama nominated Yellen to be the next chair of the Federal Reserve. She was confirmed by the Senate in a 56-26 vote, and became the first woman to lead the central bank.

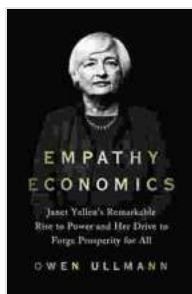

As chair of the Federal Reserve, Yellen oversaw a period of economic growth and low unemployment. She also led the Fed's efforts to wind down the quantitative easing program that had been put in place after the financial crisis of 2008.

Yellen stepped down as chair of the Federal Reserve in 2018. She is currently a distinguished fellow at the Brookings Institution and a professor of economics at the University of California, Berkeley.

Yellen is a strong advocate for spreading prosperity to all. She has argued that the Fed can play a role in reducing inequality and promoting economic growth. She has also spoken out against the Trump administration's tax cuts, which she believes will benefit the wealthy at the expense of the poor and middle class.

Yellen is a respected economist and public servant. She has dedicated her career to making the economy work for everyone. She is a role model for women and girls everywhere.

Janet Yellen is a remarkable woman who has made significant contributions to economics and public service. She is a role model for women and girls everywhere, and she is a strong advocate for spreading prosperity to all.
