## About the Book

Mukiwa: White Boy in Africa is a powerful and moving memoir that explores the complexities of race, identity, and belonging. Author Peter Mukuria-Ng'ang'a shares his experiences as a white boy growing up in Kenya, grappling with his dual heritage and the often-conflicting expectations of his family and community.

Born to a white father and a Kenyan mother, Peter was raised in a small village in rural Kenya. From a young age, he struggled to understand his place in a world where he was both different and yet intimately connected to the people and culture around him. As he grew older, the weight of his dual heritage became increasingly heavy, as he faced racism and discrimination from both white and black Kenyans.

Through his deeply personal and evocative writing, Peter explores the complexities of his identity and the challenges he faced in finding a sense of belonging. He examines the ways in which race, culture, and society shape our experiences and relationships, and he ultimately finds a path to reconciliation and acceptance.
