- UFOs

- Bigfoot
- The Loch Ness Monster
- Poltergeists
- ESP
- Alien abductions
- Crop circles

Dr. Shermer pulls no punches in his investigation, using hard evidence and scientific reasoning to debunk many of the claims that have been made about these phenomena. However, he also acknowledges that there are some cases that remain unexplained. And it is in these cases that Dr. Shermer's approach is most valuable.

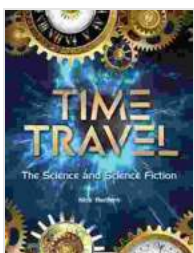

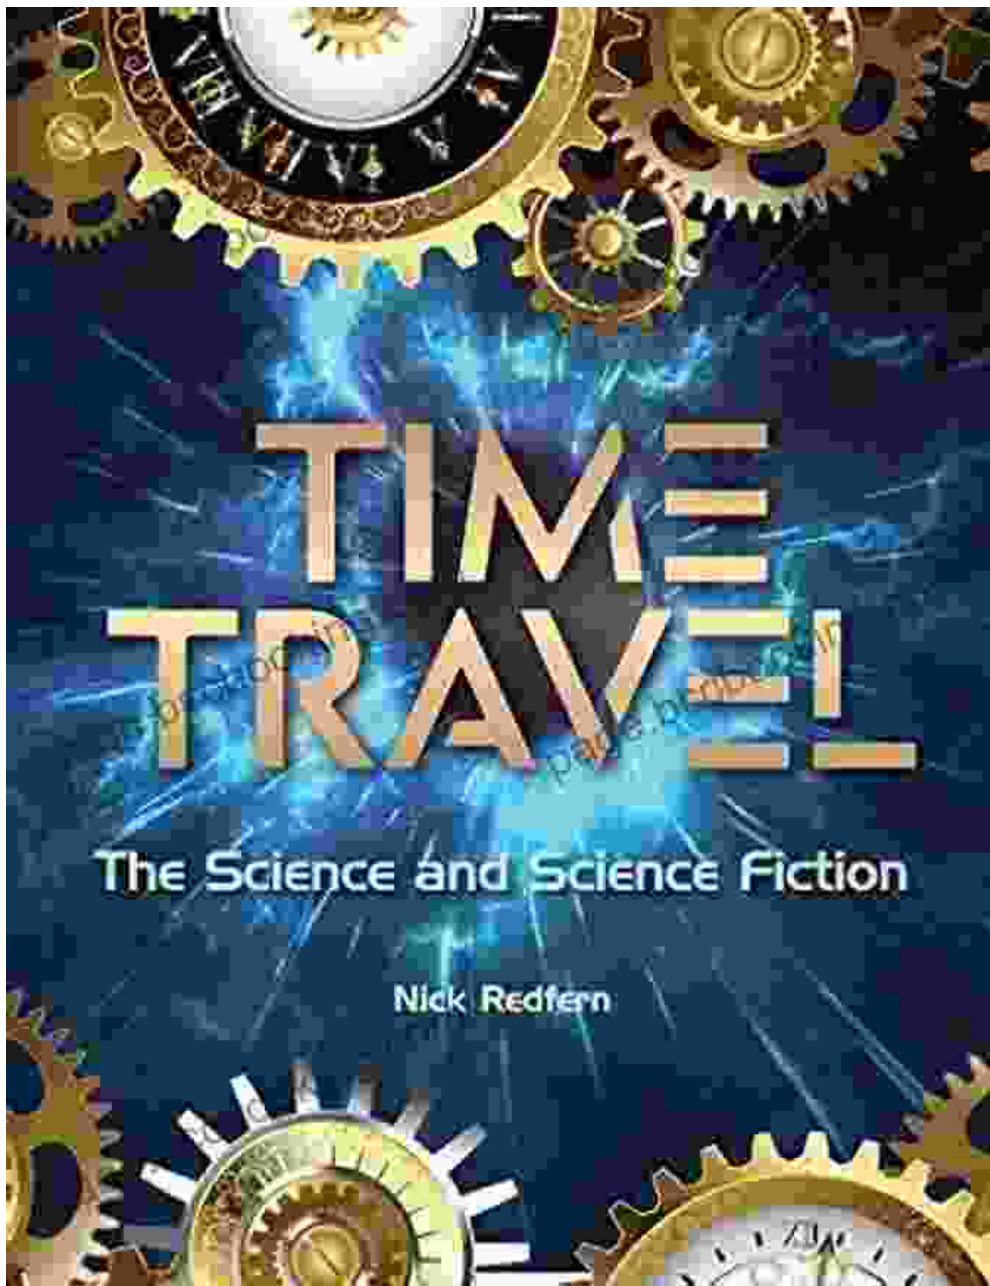

By using science to investigate the unexplained, Dr. Shermer is not trying to prove or disprove the existence of these phenomena. Rather, he is trying to understand them. He is trying to find out what is real and what is not. And in ng so, he is providing readers with a valuable service.

*The Science And Science Fiction The Real Unexplained Collection* is a must-read for anyone interested in the unexplained. This book is a fascinating and thought-provoking look at some of the most famous and mysterious phenomena in the world. And it is a book that will challenge your beliefs and make you think.
